

Enhanced Power Supply Kit - Senior Technician

● CT3375A

FEATURES:

- High Quality Retractable Sheath Leads
- Large Spade Lug Adapters
- Silicone Jacketed Lead Wires
- Black & Red Component Colors
- Extra Large Alligator Clips
- Sense Leads
- Storage Pouch

ENHANCED INTERCONNECTION KIT FOR TESTING WITH POWER SUPPLIES:

Cal Test's enhanced power supply accessory kit, model CT3375A, provides users the necessary connection leads and adapters to begin using the instrument effectively.

The kit includes 1 black and red pair of 1-meter 4mm Stacking Banana Plug leads with retractable safety sheaths, 2 pairs of 4/6 mm Spade Lugs, and 1 pair of Alligator Clips with 4 mm jacks, 1 pair of Extra Large Insulated Alligator Clips, and 1 pair of 1-meter Sense Leads, appropriate accessories for power supply work in education, design, or performance verification.

The lead jackets are silicone for flexibility and burn resistance. The retractable sleeve banana plugs will fit both standard banana jacks and binding posts.

Model CT3375A, Power Supply Kit is suitable for instruments from Agilent®, B&K Precision®, Xantrex®, and many others. Find the recommended instrument for model CT3375A, or Cal Test's others power supply kits...
